Three Story Frame Double  
Tenement House Burns  
Down Today.

## A REGULAR FIRE TRAP

Horrible Shrieks of a Poor  
Woman Burned to Death  
In Plain Sight.

## MANY HEROIC RESCUES MADE

New York, Oct. 17.—Eight lives were lost in a three story frame double tenement house at 45 Hester street early this morning.

The dead are:  
Mrs. Sarah Fass, aged 36,  
Lena Fass, aged 3,  
Morris Fass, age 2,  
Samuel Fass,  
Mrs. Rose Lewis, age 90,  
Mender Strauss, age 8,  
Samuel Strauss, age 22,  
Mrs. Anna Horowitz, age 46,  
The house was a ramshackle affair and a regular fire trap.

At two o'clock this morning the janitor was awakened by the crackling of flames in the hall-way and after getting his wife and daughter out safely turned in an alarm, but the building by this time was burning like tinder. Fass kept a meat shop on the first floor and lived in the second.

When the police arrived he stood in the window in the smoke and yelled, "get ready to catch the children." After tossing one out to the arms of a policeman he attempted to return for the balance of the family, but was cut off by the flames and was obliged to drop to safety himself.

Mrs. Horowitz was seen approaching the window in her night robe when a burst of flames surrounded her and she fell amid horrible shrieking.

Many heroic rescues were made by the firemen and policemen. It is believed that the fire was of incendiary origin.

## PRINCE GUSTAVUS TAKES THE REINS

King of Sweden is Very Ill and His  
Advanced Age Makes His Condi-  
tion Very Critical.

London, Oct. 17.—Late advices from Stockholm announce the serious illness of King Oscar. So grave is his condition that the Crown Prince Gustavus has assumed the reigns of the government as regent.

The king's ailment is inflammation of the lungs and pectoral catarrh. The monarch's advanced age, 71 years, gives ground for deep anxiety, especially since his general health has been failing for some time.

The Crown Prince Gustavus is 41 years old, and is perhaps is rather more loved in Sweden, where he was the first of his line to receive the cordial support of the Swedish aristocracy, than he is in Norway, where, rightly or wrongly, he is held not overmuch in favor.

He is, however, the peoples' national ideal, and in 1899 when his father broke down in health, the crown prince was elected regent in his stead. He has not his father's taste in art, science and literature, but is rather a man of action and a firm believer in Emperor William. Like his father, the crown prince is unusually tall.

## SHE WAS MARRIED LAST APRIL.

Believed That Empress Frederick  
Took a Second Husband.

Berlin, Oct. 17.—The report that Dowager Empress Frederick was married last April to Baron Seckendorff, who was hofmeister under Emperor Frederick, although widely circulated abroad, had always been strenuously denied here until the present crisis in her disease. Now, however, it is being circulated and accepted, together with a number of fresh denials, such as the marriage occurred in England.

## TOWN OF SALEM IN GREAT EXCITEMENT

Burglars Enter a Store and Accidentally  
Turn On a Fire Alarm—Robbers  
and Citizens Shoot.

Kenosha, Wis., Oct. 17.—The little town of Salem is in a state of excitement on account of a battle which occurred there between burglars and citizens in the early hours of the morning. Toward three o'clock robbers broke into the hardware store of H. B. Gardner and shortly after they entered a burglar alarm went off and the entire house was awakened.

The burglars fled to the front of the house but a spring lock on the front of the door kept them from escaping. The owner of the store, who had been sleeping in a rear room opened fire with a revolver, and the burglars returned the fire and then made their way out of the store.

The people in the neighborhood were aroused and for some time the burglars and a posse of citizens following them kept up a running fire. The robbers managed to escape in a vehicle.

## AMERICAN TROOPS ROUTED.

Overpowered by Filipinos on Luzon and  
Leyte.

Manila, Oct. 17.—A detachment of twenty men of the Twenty-fourth regiment while engaged in repairing telegraph wires Oct. 10, at a point near San Jose, Nuevo Belfa province, Isle de Luzon, were set upon by 200 rebels and were overpowered and scattered. Seven of the Americans reached San Jose, but it is probable that the remainder were captured.

The enemy surprised a party of scouts of the Forty-third infantry at a point three miles from Takloban, Leyte island, killing three of the Americans at the first volley. Two escaped and gave the alarm, but the enemy succeeded in evading their pursuers.

The native police of Takloban had conspired to surprise the Americans. The bodies of the dead soldiers were badly mutilated.

## Soldier Burned at Stake.

Fall River, Mass., Oct. 17.—Relatives of Private James O'Hearn of the Twenty-sixth United States volunteer regiment were informed by mail yesterday that he had been burned to death at a stake by the ladrones. He was in a fight near Cordova, and was, with three others, wounded and captured. He made a dash for liberty, but later fell into the hands of ladrones, who tortured him and burned him to death. The president of the town of San Miguel and others concerned in the torture of O'Hearn have been arrested, and will be tried by military court for murder.

## SAYERS ON GALVESTON LOSS.

Places Minimum Number of Dead at  
6,000 and Maximum 12,000.

New York, Oct. 17.—Gov. Joseph Sayers of Texas, who is here attending the bazaar for the benefit of the Galveston sufferers, said today: "The horror of Galveston has been in no way overestimated. The most conservative now put the loss of life at 6,000, and the estimates run all the way from this minimum to a maximum of 12,000."

In response to an inquiry as to whether in his opinion, the new Galveston could be made safe from danger of a future storm Gov. Sayers said: "I think that much can be done looking to the safety of the new city, but I do not believe that there will be a repetition of the awful hurricane that visited us. If a storm of such awful proportion should strike this city it would utterly wreck it. But such a storm is not likely to come again; we have little fear of that."

WERE, OHIO, TODAY.

Bryanism, Crokerism, Altgeldism and  
Pettigrewism In This Campaign—  
Bryan Accompanied By the Tam-  
many Boss Starts On His New York  
Trip.

Upper Sandusky, O., Oct. 17.—Gov. Roosevelt's first speech today was at Delaware where the students of the Wesleyan university gave him a hearty welcome and three thousand people from six o'clock waited for his arrival.

The governor repeated his quadruple allegation that the paramount issues were Crokerism in New York which meant blackmailing of vice; Altgeldism in Illinois, which smacked of anarchy; Pettigrewism in South Dakota, which stands for corruption of the voter, and the degradation of the flag; and Goebelism in Kentucky, the suppression of the will of the majority.

At Marion five thousand heard his speech on the material prosperity and here a democratic stronghold, seven hundred listened to his arguments.

## Crocker Goes With Bryan.

New York, Oct. 17.—When Bryan came aboard his car "Rambler" at 8:55 o'clock this morning for a trip up the state he was accompanied by Croker and other democratic state leaders. Besides Bryan's car which was decorated with flags and bunting the train was composed of Croker's car, the Pontiac, and a passenger coach which pulled out at 9 o'clock, the first stop being at Yonkers.

## SAYS NO DAMAGES CAN BE COLLECTED

An Important Decision Handed Down  
at Appleton in the Kaukauna  
Water Power Suit.

Appleton, Wis., Oct. 17.—Judge Goodland handed down an important decision this morning in favor of the Kaukauna Water Power suit. The court has decided that no damages can be collected by the Green Bay and Mississippi Canal Co. plaintiffs on the ground that the use of the water is a transitory right. The suit was brought to recover damages by the Canal Co. from the Kaukauna Water Co. for the surplus water used during a number of years in the power channel at South Kaukauna and was based on a decision by the supreme court of the United States to the effect "that the company owned all the surplus water that was not needed for navigation purposes."

## REVISE SCHEDULE SPOONER SPEECHES

HE WILL BEGIN AT WEST SU-  
PERIOR ON OCT. 29.

La Follette Will Follow the Published  
Schedule After Today's Trip On The  
Wisconsin Central Road—John M.  
Whitehead Defends McKinley's  
Policy at Waupaca.

Milwaukee, Oct. 17.—Gen. G. E. Bryant, chairman of the Republican state central committee, received a letter from H. C. Payne, vice chairman of the national committee, yesterday revising the dates of Senator John C. Spooner's speeches in Wisconsin. According to the revised schedule the senator will make six speeches in the state. He will begin at West Superior where he will appear on the evening of Oct. 29. The next night, Oct. 30, he will speak at Eau Claire, and the following night, Oct. 31, at La Crosse. The next day he will rest. Friday, Nov. 2, he will be at Green Bay and Saturday, the 3rd, at Milwaukee with Senator Hanna. The Madison senator will close his speech making tour at Waukesha where he will appear on Monday, Nov. 5.

## Will Follow Schedule.

"Mr. La Follette will speak in all the towns on the Wisconsin Central between Chippewa Falls and Ashland tomorrow," said State Chairman G. E. Bryant last night. "After that I expect he will follow the schedule laid out for him last week. The matter is entirely in his hands, however, and he will notify all towns where changes have to be made." Yesterday Mr. La Follette spoke at Chippewa Falls and Eau Claire.

Grant L. Miner of Richland Center, chairman of the republican committee of Richland county, called at the state headquarters at the Hotel Pfister yesterday and assured Chairman Bryant that the republican plurality in his county would be considerably larger this fall than four years ago.

## MR WHITEHEAD AT WAUPACA.

Janesville Senator Makes a Strong  
Speech in Support of McKinley.

Waupaca, Wis., Oct. 17.—Owing to the short notice given, the audience which turned out to hear John M. Whitehead of Janesville last night was not as large as Waupaca usually furnishes, but it made up in enthusiasm what it lacked in numbers.

When George W. Ghoca called the meeting to order there were about 500 people in the hall. Senator Whitehead prefaced his speech by showing the utter fallacy of Mr. Bryan's statement that the young man of today had no show of bettering himself because of the corporations. He then made a strong argument in support of the present administration and its financial, Philippine and tariff policies.

His references to the dead and gone silver issue were well put, and his logic on imperialism and expansion very convincing.

## SCOFIELD REVIEWS NATIONAL GUARD

Carnival and Street Fair at Madison Is  
A Great Success—Today Is  
Democratic Day.

Madison, Wis., Oct. 17.—Fifteen thousand is a conservative estimate of the size of the crowd that swarmed about the streets of the capitol today. The weather was ideal, cool but clear, and every show and a band had a big crowd around it. The feature of the day was the military review this afternoon by Governor Scofield of the seven National Guard companies which were brought here for the day. Before the military parade was started the living flag of 200 little school girls marched around the Capitol square headed by a band, and turned down State street half way to the university.

The military parade was made up of Phinney's United States band, preceded by a platoon of police, and followed by Company H of Monroe, Capt. C. M. Durst; Company C of White-water, Capt. F. B. Goodhue; Company A of Janesville, Lieut. Weyher of Whitewater, commanding; Company B of Reedsburg, Capt. C. A. Wyse; Company F of Portage, Capt. J. C. Britt; Company G of Madison, Capt. J. P. Joachim; Company B of Fort Atkinson, Lieut. J. A. Urban commanding. The parade was divided into two battalions, commanded respectively by Maj. Daniel Stearns of Monroe, and Maj. Henry W. Quentmeyer of Madison. Lieut. Col. Geo. H. Joachim of Madison held the chief command, with Lieut. C. G. Price as adjutant.

Today is democratic day and speeches will be made at the university gymnasium, in the evening by George Fred Williams of Massachusetts and John F. Finnerty of Chicago. Their speeches will be preceded with a torchlight procession about the streets.

## MAKES ALL KISS THE FLAG.

Cincinnati Judge Thinks Naturaliza-  
tion Should Be Impressive.

Cincinnati, O., Oct. 17.—Judge Ferris said today as he converted a number of foreigners into citizens of the United States by naturalization: "I'm going to make this ceremony more impressive. The mere act of swearing in these people makes no impression on them. I shall procure an American flag, and every male candidate for citizenship will have to kneel and kiss its folds. I want to make it one of the most important acts of their lives. I want them to tingle down to their toes when they hear our national airs."

## FOR THE ENTERPRISING.

Good Prospects for Profitable Invest-  
ment in the Philippine Is-  
lands.

A most promising field of endeavor is being investigated by agents of the United States department of agriculture in the Philippine islands. It is believed that the rubber tree can be successfully grown in the southern islands of the archipelago. If the experiments prove successful a new avenue for American enterprise is open. The country's demand for rubber is constantly widening, the imports in 1894 being \$15,162,333, while those in the year ended June 30, 1900, were over twice as much, or \$31,555,483. The demand is growing at a still greater ratio.

## Commercial Expansion.

A train of 40 cars loaded with 1,000 tons of steel rails left Youngstown, O., on the 9th inst. The rails are bound for New Zealand, and will be transhipped at New York.

The train bears a sign: "One thousand tons of steel rails going to New Zealand," and another reading: "Protection, Prosperity and Progress."

The train went over the Lake Shore road, and is a striking reply to the Bryan doctrine that commercial expansion is a crime, prosperity a myth and that workmen are slaves.

## COAL MINERS WIN THE STRIKE

Operators Have Acceded to  
All the Demands of  
Strikers.

## BEGIN WORK AT ONCE

The Agreement Means That  
Peace Again Reigns In the  
Anthracite Region.

## SYMPATHY STRIKE IS OFF

Philadelphia, Pa., Oct. 17.—The operators' conference at the Reading Terminal has acceded to all the demands of the miners and the strike will now be declared off.

At one o'clock this afternoon it was semi-officially stated that the coal strike was settled. Later the Philadelphia & Reading Company issued a statement giving notice that it will suspend the sliding scale and pay ten per cent. advance on September wages until April 1st, 1900, and will take up with the mine employees any grievances they may have.

Philadelphia, Oct. 17.—The absence of any response from the coal operators favorable to the acceptance of the terms agreed upon by the miners last Saturday has given rise to a story that the United Mine Workers of America have in view a move that would greatly complicate the struggle, and possibly would involve thousands of men in addition to those who are now idle in the anthracite region.

## For Sympathetic Strikes.

The plan, it is said, is to call for active assistance in the form of sympathetic strikes by members of other labor organizations, notably the American Federation of Labor, which embraces unions in almost every trade.

Since the strike began President Samuel Gompers of the federation has repeatedly expressed himself as being in warm sympathy with the striking coal miners. At the miner's convention in Scranton a message from Mr. Gompers was read in which the moral support of his organization was tendered.

## Doubt as to Gompers.

Whether or not the leaders of the miners' union will be able to call into service any more practical aid can only be conjectured. It is thought their efforts will be first directed to getting out workmen in this section, and if they are successful in this there is no telling how far the trouble may spread.

It is not thought that the action looking to the calling out of more men will be taken until something definite concerning the policy of the operators toward the miners' latest proposition becomes known. But the report that such warlike steps are contemplated receives added significance from the fact that acceptance by the operators seems less likely now than it did immediately after the Scranton convention.

## Operators Cannot Agree.

This fact developed at a secret conference in this city yesterday at which the miners' terms were the subject of an all day discussion between the representatives of the anthracite coal carrying roads and a committee of the individual operators. No conclusion was reached and an adjournment of the conference was taken until today.

## MARK HANNA'S TRIP IN SOUTH DAKOTA

Cowboys Are Not as Good to Him as  
They Were to Roosevelt—  
Plenty of Bryan Badgers.

Aberdeen, S. Dakota, Oct. 17.—Mark Hanna is in Pettigrew's country today sure. At Redfield this morning posters plastered everywhere asked Hanna why he did not meet Pettigrew in joint debate. At the Opera house cowboys distributed sheets alleging that Hanna's seat in the senate had been purchased. Seven hundred people composed the audience mostly democrats. The front row was occupied by school boys wearing large Bryan badges. Hanna said he considered it an honor to have an audience like this come out so early to see the fellow advertised as having horns. He denounced Bryan and Altgeld for their speeches charging republican corruption. At Nortonville four hundred crowded the station. The most pretentious meeting this morning was at Aberdeen.

Do you want a house? Have you one to rent? You can solve the question by using The Gazette want and for rent column. Three lines three times 25 cents.

## MEXICAN GIRL IS KEPT IN A CAVE

### REVENGE OF BRAVOS FOR DEFENDING A YOUNG WOMAN.

**Affray Between Her Admirers Results In the Loss of Three Lives—Spirited Away By Survivor—Five Men Killed In Battles Between Her Captors and Rescuers.**

El Paso, Tex., Oct. 17.—George Beverage, owner of the Dolores mines in the state of Chihuahua, arrived here today and related a sensational story of a series of tragic events that had occurred at the camps of his company during the last month.

The story thoroughly illustrates the treacherous and avenging nature that follows the flow of native Mexican blood, and pictures a beautiful young girl three times the prisoner of unsought lovers in a cold, damp cave in the Sierra Madre mountains.

The first chapter of the story has for its scene a ballroom at the residence of a nearby ranchman.

Maria Teran, the young woman whose release from the cave prison was secured last Wednesday, attended the dance with a young Spaniard for whom she had shown admiration.

At the dance she was met almost at once by three unsought lovers of the common class. When she resented their attentions a difficulty arose, and her former lover, two of his assailants and a bystander were stabbed to death.

#### Carried the Girl Away.

Seizing the fainting young girl in his arms the remaining lover rushed from the adobe house and disappeared in the darkness. The country was searched and no trace of them found for two weeks. At length it was learned by a few that Jose Alarcon, her keeper, had the girl imprisoned in an old mine five miles from the mines. This discovery was made by three ruffians and they arranged to rescue her. When they approached the cave Alarcon offered fight, and a desperate battle ensued. Alarcon was killed after he had slain two of his assailants and the girl was not yet found.

The remaining man went into the cave and found the young woman pale with distress. Instead of releasing her he assumed the position of a new keeper and for three days tormented her with his attentions. Another rescuing party of two hunters were inspecting the cave a week later, and in the fight which followed both, as well as the keeper, were killed. A brother of one of the first pretended rescuers while searching for his brother found the cave while the bodies of the last slain were yet warm, and going into the natural dungeon, found the girl and brought her to the mining camp.

#### More Dead Than Alive.

This was last Wednesday. When restored to her father the girl was more dead than alive, and refused to see any of her old acquaintances, and a new feud arose. An employee of the Dolores mines in defending the girl it seems offended two men who had attempted to call on Miss Teran. He was assaulted for criticizing the action of the men and the story was continued.

Wednesday, at noon, when the miners were at lunch, the two offended greasers, armed with revolvers, fell upon their enemy, and in the sight of a score of miners and within a block of the mines literally cut his body into shreds. Cutting his heart out, they placed it on a stake and shouted the native "grito" and fled over the mountains. When Mr. Beverage left the mines Thursday Miss Teran was more dead than alive, and doubts were entertained for her recovery. All the men interested in the different assaults lived under the worst reputation, and the first who imprisoned Miss Teran had been known to kill eight men at the mines for trivial offenses.

## WILL BE AN EVENT IN SOCIAL WORLD

### Arrangements For Chicago's Big Horse Show In the Coliseum From

Oct. 26 to Nov. 3.

Chicago, Ill., Oct. 16.—One of the most noticeable features in connection with the preparations for Chicago's big horse show, to be held in the new coliseum on Wabash avenue, October 26 to November 3 inclusive, is the general interest extending over a wide territory outside of Chicago, not only in the way of entries but in social and general evidence of co-operation in making it the particular important event of the Middle West.

Aided by railroad rates, the entry of the high-bred animals and smart rigs and prospective participation by social leaders of many pretentious functions being arranged by Chicago's fashionable for that week, every community of consequence in this part of the country will be represented, and elaborate plans are being made for the social entertainment of the visitors.

All the prominent and private and professional stables in the United States and Canada will make entry in the different classes, and it is expected, if dates do not conflict, that Crescens, Borloma and other harness record breakers of the year will be on exhibition during the show.

There has been a tardiness in the arrival of entries from a distance, natural enough in the delay of sending out premium lists, but advices by wire and assurances by other

means have assured the attendance of the representative horses and smartest turn-outs in America.

Among the judges who have signified their acceptance of an invitation to officiate are the Hon. Howard Davison of New York, clubman, society leader, owner of the famous Al-tamont stock farm at Millbrook, which has won over a thousand prizes in stock exhibited in the leading shows of America and England; Wm. R. Goodwin, Jr., a well known stock authority and publisher of one of the leading journals devoted to live stock interests, secretary of the American Saddle Horse Breeders' association, and owner of the Oakhurst farm at Naperville, Ill.; Shelby T. Harrison, of Lexington, Ky., president of the Lexington Horse show, one of the best all-round judges in the country and who has officiated for several years at Madison Square Garden, Kansas City and St. Louis; Clarence E. Quintin of Trenton, N. J., who enjoys a national reputation as a judge in any and all horse show standards, and Harry Hamlin of Buffalo, N. Y., one of the best known breeders and owners of speed and carriage horses in America and at the head of an establishment owning several of the world's record champions in single and pair.

This is one of the most important items in making such a show a success and the management has secured the best authorities in the country, according to horse owners and fanciers.

## HORSES COLLIDE WITH A TRAIN

A team of horses belonging to John Burns of the Town of Rock and driven by Charles Ranson, ran away last evening about seven o'clock and collided with a freight train on the C. & N. W. R. R. at the Western avenue crossing. Both the horses were killed and the driver, Harmon, badly injured.

Harmon came to town yesterday with a load of corn for Mr. Burns and unloaded it at Norcross and Doty's mill. Harmon is addicted to the use of liquor and after unloading the corn he proceeded to get full. While in this state he started for home. When near Kammerer's meat market the horse became frightened and ran away. Harmon being too drunk to stop them. They dashed down the road and into the moving freight train. The shock must have been terrific as both horses were turned completely around and were facing toward town.

Harmon was cut on the head and one of his hips bruised. He was attended by Dr. E. F. Woods and later taken to the home of Mr. Burns by James Lewis, a neighbor. Mr. Burns had become worried about Harmon, and Lewis came to town to look for him and discovered the horses lying beside the track. The loss of the horses is quite a severe blow to Mr. Burns, as they were a valuable team.

## ENDEAVORERS GIVE ANNUAL BANQUET

THE GOOD THINGS TO EAT WERE ONLY INCIDENTAL.

Fine Program of Addresses, Papers and Vocal and Instrumental Music—About 160 Enjoyed the Occasion—Rev. R. C. Denison Acted As Toast master—Details of the Event.

The ladies of the Congregational church have a happy knack of entertainment. Their banquets, suppers and so-called are delightful, and usually draw large crowds. They are not hum-drum, every-day, ordinary church affairs, where you pay your dime or quarter as the case may be, quickly swallow what is placed before you and get out as fast as you can. With the good things to eat, these ladies always provide some pleasing literary or musical feature that is worth a good deal more than the eatables provided.

A man takes some pride in going to an event of this kind. It is unpleasant to sneak into the church parlor behind your wife's or girl's skirt and eat a whole lot of stuff you don't want or need. But if there is sensible and timely talk, and good music, then you are glad you went, and will go again.

Such an entertainment was given last night by the Christian Endeavor societies. Fully 160 guests sat at the banquet table and ate the good things provided. Pastor Denison acted as toast master.

Miss Nettie Harrington read a bright and interesting paper on "Our Work for the Year." Miss Cora Anderson and Len Mathews sang "In Heavenly Love Abiding," by Pontius, Miss Ada Pond playing the accompaniment.

Rev. J. T. Henderson spoke on the "Relation of Christian Endeavor to the Church." Miss Jessie Beach played a solo on the piano after which A. E. Matheson spoke on "Some Relations Between the Business World and the Christian Endeavor."

Prof. W. F. Gaskins sang a lullaby and responded to an encore by singing "Thy Healing Eyes." Rev. A. C. Kempton, state president of the Christian Endeavor society, spoke on "Some Aspect of the State Work."

A baritone solo by Walter Clark, and Miss Elva Crawford as accompanist, was followed by the response to "The Absent List" by H. J. Cunningham.

Miss Mabel Lewis sang a solo, "Mid Summer Dreams" and the company sang "God Be With You" and adjourned.

It was a very pleasant interesting meeting and much credit is due the committee in charge which consisted of Miss Ada Fenton, Mrs. R. C. Denison, Mrs. Arthur Wheeler, Mr. and Mrs. Frank Reynolds and Miss Grace Puhler.

The tables were presided over by Mrs. Will Rager, Mrs. Maude Nowlan, Elizabeth Ford, Ruth Culver, Janette Ford and Helen Nash. The young girls who waited on the tables were, Misses Alice Crawford, Josephine Fenton, May Merritt, Mable Charlton, Robena Keller, Stella Bump, Ida Green, Hattie Richards, Genevieve Schnell, Maude Schnell, Agnes Griebel, Cora Putnam, Margie Nicholson, Maude Iman and Ethel Fifield.

## ROOSEVELT HURRIED AWAY.

Nominations for the word "Coward" in Kentucky and a riot is imminent. Cincinnati, O., Oct. 17.—Gov. Roosevelt was hurried off the platform at Covington, Ky., and taken to the Grand hotel in this city. His friends feared a riot, for scores of armed men, incensed at a remark he had made at Lexington, were in the hall. Col. Roosevelt had called out, after an interruption: "Nobody but a coward will attempt to interrupt free speech." This sentence was telegraphed ahead of the New Yorker and all were prepared to give him a warm reception.

Covington is the home of William Goebel, whose assassination last winter plunged the state into the most violent factional and party differences and for nearly two months threatened civil war. Roosevelt's utterances were not calculated to allay the bitter feelings yet dominant in Kentucky politics.

Hostility to Roosevelt developed early in the meeting. He mentioned the names of Bryan and Aguinaldo as cheers for the former broke into his speech. He cried "Coward!" at his interruptor, and by dint of vociferous elocution he was enabled to finish his speech.

Then pandemonium broke loose. Bryan banners waved above the audience, and cheers for the Nebraskan seemed to threaten the peace of the gathering. Republican managers passed word that a riot was imminent and he was induced to quit the stage and come to this city.

## Roosevelt at Columbus.

Columbus, O., Oct. 17.—Gov. Roosevelt, with a record of nine speeches at other Ohio points, was received here this evening by the largest crowd that has appeared in the streets of the Buckeye capital since the October tour of James G. Blaine in 1886. The influx from the villages round about was in fact so uncomfortably large that hundreds of men, too late for their trains, had to be cared for at private residences.

## Bryan's Big Reception in New York.

New York, Oct. 17.—When William J. Bryan came forward to speak in the principal meeting of the evening, at Madison Square Garden, the demonstration of hand-clapping, flag-waving and cheers lasted for fully two minutes, and the people gave all the evidences of sincere enthusiasm. Mr. Bryan's part in the big ratification was four speeches. The first was delivered at Madison Square Garden, the second in the open air in Madison Square, then at Cooper Union, and again at Tammany hall. Croker's and Tammany's part was a dinner to the Bryan party at the Hoffman house. The fireworks, the bands and the yelling all did their share to the satisfaction of the Democracy.

## Hanna in Many Towns.

Watertown, S. D., Oct. 17.—Mark Hanna slept last night in South Dakota, the state of Senator Pettigrew. Crossing Minnesota he entered this state in the afternoon, making speeches at Gary, Altamont and Watertown, the first two places not being on the original schedule for the trip. Two full days more will be devoted to South Dakota, and in that time Senator Hanna will speak in about forty towns.

## Governor of a Province Punished.

Washington, Oct. 17.—Late reports from Commander Seaton Schroeder, who succeeded Capt. Leary as naval governor of Guam, have been received at the navy department. Gov. Schroeder has issued an order opening all hospitals in the island to the civilian patients free, and all who are suffering from diseases are invited and urged to go to the hospitals for treatment. One of the governors of a Guam province was found using public road laborers on his own place. He claimed that this was an old Spanish custom and that he was unaware of any wrongdoing. He was removed and punished. The health of the island is said to be fairly good. There are no typhoid cases and only one of fever, and a few of intestinal troubles.

## To End Bartenders' Strike.

Carbondale, Ill., Oct. 17.—Several of the saloon-keepers have already signed the agreement with the striking bartenders, but two or three are known to bitterly oppose the settlement. Sunday at a special meeting of the Trades' council a boycott against the saloons not signing the agreement was declared. The bartenders apparently cannot lose.

## Root Knocks Out O'Brien.

Chicago, Oct. 18.—John Root disposed of Dick O'Brien after thirty-five seconds of fighting in the third round of their contest at Tattersalls last night. With a straight left-hand lead to the jaw the west side Bohemian dropped the Lewiston man in a heap on the padded floor. The easterner never had a chance with the local boxer last night, and as early as the first round blood was streaming from his nose and mouth and he was plainly in trouble. Root depended almost solely on his left-hand jabs and his plan of battle was a good one, as O'Brien did not land a clean blow. Other boxing bouts resulted as follows: Jim Barnes quit before "Klondike" in fourth round. Harry Harris outpointed Casper Leon, six rounds. Henry Lyons and Joe Hedmark, six rounds, no decision. "Kid" Black outpointed J. Smith, six rounds. P. Denarde knocked out Frank in two rounds.

## Large Factories in Flare.

Chicago, Oct. 17.—Two fires took place within half a block of each other last night. The American Cereal company's big mill at Sixteenth and Dearborn streets caught fire, and before the flames could be gotten under control the loss had reached \$30,000. While the fire department was battling with the flames in the mill the wind scattered burning brands and sparks over the roof of the American Bicycle company's Featherstone factory at Sixteenth and Clark streets, setting it on fire. A dozen fire engines were removed from the mill fire and were set to work on the other blaze. After an hour's work it was extinguished. The loss will amount to \$10,000, fully covered by insurance.

On the 40th of December 1897, Rev. S. A. Donohue, pastor of the M. E. church of South Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. I most cheerfully recommend it to the public." For sale by Smith's Pharmacy, next P. O. kodak agents.

## Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. ## MR. BRYAN'S WARNING.

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

## BRYAN'S OWN TRUST.

Under the above title a recent writer quotes from Mr. Bryan's speech before the Chicago Conference on Trusts delivered in September 1899 in which he said:

"One trust magnate may be more benevolent than another, but there is no good monopoly in private hands, and I do not believe that it is safe for any man or group of men to monopolize any article of merchandise, or any branch of industry."

It is over a year since Bryan made that speech denouncing each and every monopoly, but he is repeating the same doctrine today. October 10, he asked in his speech at Nashville, Michigan:

"Do you know of any good monopoly in private hands? Do you know any man good enough to stand at the head of any monopoly, and determine the price of that which others use?"

The writer then goes on to say that Mr. Bryan is becoming rich from the sale of his book, "The First Battle," in which he is protected by copy right, and of which he has the monopoly. That by his political rights he is able to sell the book to the horny-handed sons of toil at four times its value.

It makes a wonderful difference whose "ox is gored." No one but a socialist would question Mr. Bryan's right as an author, but a good many people of ordinary common sense question his right to travel over the country, howling about the evils of trusts and monopolies.

Consistency is a good thing to possess. Mr. Bryan should cultivate it.

## THE DANGER.

Henry Clews, the New York banker, whose judgment on financial questions is regarded sound, gives in the last issue of his "Weekly Financial Review" twelve reasons why the adoption of the 16 to 1 policy advocated by Mr. Bryan and his party, would result in financial ruin to the country.

After stating very tersely how gold would be driven out and silver would come flowing in, from all parts of the world, with the long train of disaster and ruin that would follow, he adds

a climax to his argument by saying "The folly and ignorance involved in a policy of this revolutionary character would ruin the credit and the reputation of the United States before the world and subject popular government to the ridicule and contempt of all intelligent public opinion."

This statement is not very complimentary to the intelligence of Mr. Bryan and his supporters, and yet it was the verdict of a large majority of the people in 1896 and it will be emphasized by a still greater majority next month.

More than the question of ignorance is involved in this issue, which, by the way, is the only issue of the campaign.

The question of national honor is of supreme importance and whether this vital principle is attacked through ignorance or by motive, the people are competent to deal with it, and they seldom make a mistake. Repudiation was an issue after the war of the Rebellion. The people said emphatically "No." The present dishonest issue will meet the same fate. It is claimed that Mr. Bryan is honest and conscientious in his silver theories. That is perhaps true but it adds nothing to the strength of the argument.

Some one has very truthfully said that conscience tells a man to do right, but does not tell him what the right is. Mr. Bryan's education has been wrong on the money question and his judgment is at fault. This makes him a dangerous leader, and classes him with men like Debs and the late Henry George whose honesty of belief was never questioned.

With the advent of the new Milwaukee and Southeastern railroad comes added responsibility to the city. The grade crossing near the Monterey bridge on Western avenue is extremely dangerous, and will be the scene of some bad accidents unless properly guarded. With a deserted quarry on each side of the street coming down the hill, protected only by dilapidated fences, a frightened horse could make a plunge twenty feet with nothing to stop him. A tight board fence should be put up at each side of the road if need be at the expense of the city and the railroad should place a flagman at the crossing as soon as the road is placed in operation. The blind children at the State School are obliged to use this street more or less every week, and they as well as all pedestrians on this thoroughfare are entitled to ordinary protection to say the least.

The old saying that, "A prophet is not without honor save in his own country" is frequently verified. Janesville people do not more than half appreciate the fact that the city possesses in M. G. Jeffris one of the very best campaign orators that the country produces. Forceful in argument, clear in statement, quick at repartee, possessing a commanding presence and a voice to correspond he carries an audience through the dizzy maze of Bryan's prominent issues and brings them out into the high light of a better understanding. Mr. Jeffris is doing effective work for the party.

The marriage of Richard Petherick, familiarly known as "Uncle Dick," calls for congratulations from many friends throughout the state. Mr. Petherick is the democratic member of the state board of control. Possessed of a large heart and kindly nature, he is the friend of all the children in the various state institutions, where he is a frequent visitor.

Domestic in his tastes he should have had a wife and home twenty five years ago. May he and his good wife live a thousand years and then not die, but then go out like a sun flower.

## SOUTHERN CLUB SETBACK.

Talk of Consent of the Governed to the Philippines by Democrats in All Cant.

James S. Evans, a well-known merchant of Chicago, formerly of the south, has declined to join a "Southern Democratic club," now forming in Chicago. Below will be found his reason for declining to join:

Chicago, Sept. 25, 1900.—My Dear Sir: I thank you for your invitation to join the Southern Democratic club, the headquarters of which are at the Sherman house. At the same time I must respectfully decline to become a party to an organization, the purpose of which is to assist Mr. William Jennings Bryan in reaching the highest office within the gift of a sovereign people.

"I come of a long line of democrats, many of whom have been conspicuous in the political history of the past century. From them I was taught the cardinal principles of true democracy; and, remembering these, I cannot subscribe to the teachings of Mr. Bryan and those candidates who are advocating them. Believing them to be dangerous to the people, and especially detrimental to the interests of the south, I shall cast my ballot against the Kansas City nominees and for the first time in the history of a member of my family vote the national republican ticket."

The cry of imperialism raised by Mr. Bryan and his adherents, to my mind, is a canting hypocrisy. And it seems to me to be the very acme of insincerity for a southern democrat, such as you profess to be, to preach about individual liberty, the right of the governed to be consulted on matters of state issue, when all of us, long ago agreed that the negro's place is inferior to the white man's on election days. Is it your wish to concede to the rebellious Tagalos greater individual liberty than we permit half of the population of the states of Louisiana, Mississippi, South Carolina, Tennessee, North Carolina and Arkansas to enjoy?

"At this moment, as you well know, every southern state that has not made previous provision for the disfranchisement of the negro is arranging to do so; and, no one of our section who believes in the right of the Anglo-Saxon to rule, is opposing."

Where I to assist in a movement seeking to destroy the interests of the American government in the Philippines, placed there by a combination of circumstances this country could not honorably have circumvented; and subsequently consecrated by the blood of my kinsmen who fell fighting for the honor of their flag, I should feel as if I were a common traitor."

"A southerner by birth, in politics a democrat, an American by the grace of God, I shall, in the absence of a democratic nominee, vote for Mr. William McKinley, because he is something more than a man after an office. Very truly yours, JAMES S. EVANS."

Mr. T. E. Powell, President Southern Democratic club, Chicago.

## PAOTING-FU HAS BEEN TAKEN

Boxer Stronghold Captured by 7,000 Allies.

## THE SOUTHERN RISING GROWS

American Interests Imperiled in Kuangtung—Wildman to See MacArthur—Russia to Take an Independent Course in China.

London, Oct. 17.—A dispatch from Shanghai states that Paotingfu was captured on Saturday by the force of 7,000 allies sent from Peking for that purpose.

New York, Oct. 16.—A special to the World from Hongkong says: Americans and their extensive interests in the far south of China are imperiled by the rebellion in Kuangtung province. Already the revolt is grown to such proportions that the Chinese authorities are unable to suppress it.

Mr. Wildman, the United States consul general at Hongkong, has gone to Manila to confer over the critical situation with Gen. MacArthur, the commander-in-chief of the American troops in the Philippines.

## Ozar to Act Alone.

St. Petersburg, Oct. 17.—The Russian government permits it to become known that its attitude in China will be increasing independence of the concert of the powers. Russia, it is explained, is disposed to attach less value to joint action since her interests have been fully secured by the successful campaign in Manchuria. Moreover, Russia is not willing to "follow the irreconcilable policy of some of the powers."

The expectation, the publication adds, is that the Chinese government is about to utilize all its resources of duplicity to keep the powers occupied with vain negotiations and proposals, and the dispatching of notes, in order to gain time until the winter, counting on the rigor of the climate to prevent military operations and allow China to gather her resources for a spring campaign.

Washington Authorities Not Surprised, Washington, D. C., Oct. 17.—The cable dispatch from St. Petersburg indicating that Russia's attitude in China will be independent of the concert of the powers caused no surprise among officials here. It was noted when the aggressive military movement was begun by Germany, and the expedition against Paoting-Fu started, that Russia was among the powers which did not join in the movement. The dispatch from St. Petersburg is looked upon as merely another step similar to that taken when Russia withheld support from the Paoting-Fu expedition and other aggressive military moves. Moreover, it is regarded as quite in consonance with the pacific tendencies of this government, which have been directed all along to securing a settlement by diplomatic means rather than by the sword. The secretary of state has received the following telegram from United States Consul McWade at Canton: "The imperial troops have retaken Hui Chow and the rebels have dispersed toward the eastward."

## Baptists of State Meet.

Centralia, Ill., Oct. 17.—The annual meeting of the State Baptist association is in session in this city. The opening sermon was preached by Dr. Galusha Anderson of Chicago. Rev. J. F. Howard of El Paso was chosen as moderator for the coming year and Rev. M. L. Rugg of Chicago secretary. The annual sermon of the association was preached in the evening by Rev. S. H. Boyer of Decatur.

## Incendiary Fires at Flint, Mich.

Flint, Mich., Oct. 17.—Incendiaries started three fires here that caused a damage of \$30,000. Storage sheds and cars belonging to the Grand Trunk railroad, the plating mill of Houran & Whitehead, besides their buggy factory, and the Webster vehicle works were burned almost at the same time. Two hundred men are thrown out of employment.

## Dowdette Bobs Up Again.

Mansfield, O., Oct. 17.—A. F. Lee, the Dowdette deacon from Chicago whom the Mansfield police fired out of town Monday evening, came back this afternoon and registered at the Brunswick hotel, but was told to go out. At Douglass & Menger's law office the police found him and he was hustled out of town.

## Yukon Winter Mail Service.

Vancouver, B. C., Oct. 17.—The winter arrangements for mail service to Yukon and Alaskan districts for the coming season will be the same as those prevailing during the winter season of 1899-1900. To Dawson the quantity will be limited to 500 pounds per week and to Atlin 300 pounds twice per week.

## Three Killed in a Wreck.

Lincoln, Ill., Oct. 17.—A fast freight on the Chicago and Alton was wrecked at Lawndale, near here, and three lives lost. The killed are: Charles Eaton, engineer, of Bloomington; Henry Stemple, brakeman, of Bloomington; Charles Keysworth of St. Louis.

## Doctor Breaks Postal Law.

Waterloo, Iowa, Oct. 17.—Dr. Orlando Longnecker has been convicted in the United States court for improper use of the mails. The limit is five years' imprisonment and a fine of \$5,000, or both. Sentence was reserved. The prisoner was arrested at Dayton.

And it appearing to the court that it is necessary to sell or encumber said farm for said purposes: It is ordered that said petition be heard at a regular term of said County Court to be held in and for said county at the court house in the city of Janesville, on the sixth day of November, 1900, at ten o'clock in the forenoon. **WINE OF CARDUI**  
THE LINK THAT BINDS.  
JACKSON, TENN., NOV. 28.  
I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.  
Mrs. E. N. JOWERS.  
There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles." Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.
